Launch Urban Scooter mobile app 2. Login with valid credentials 3. Within the All Orders tab Accept an Order 4. Open 'My Orders' tab 	Upon accepting an order from 'All Orders' tab the system automatically moves the accepted order to 'My Orders' tab	While the system does move the order from 'All Orders' to 'My Orders' tab, it also displays a duplicate of the accepted order in the 'My Orders' tab.	Failed	https://rj178997.atlassian.net/browse/USWA-29		
22	Verify Blue Dot Indicator for Orders Moved to 'My Orders' Tab	Multiple Orders are Available Within the Courier App	<ol style="list-style-type: none"> 1. Launch Urban Scooter mobile app 2. Login with valid credentials 3. Within the All Orders tab Accept an Order 	After an order is accepted and moved to the 'My Orders' tab, a blue dot should appear next to the 'My Orders' tab, indicating that there are pending accepted orders.	The blue dot is always visible next to the 'My Orders' tab, regardless of whether there are pending accepted orders or not.	Failed	https://rj178997.atlassian.net/browse/USWA-30		
23	Verify Confirmation Modal is Displayed When Accepting an Order; Yes and No buttons have intended functionality	Multiple Orders are Available Within the Courier App	<ol style="list-style-type: none"> 1. Launch Urban Scooter mobile app 2. Login with valid credentials 3. Within the All Orders tab Accept an Order 4. Upon being presented with the confirmation message; press no button, then attempt to accept the offer again, this time pressing the yes button 	Upon accepting an order the user should be presented with a confirmation pop-up modal, it will have two options: Yes or No. When user clicks no, the offer is not accepted. When the user clicks yes, the offer is accepted	As expected	Passed			
24	Verify When Expanding a Order's Details All Information is Listed	Orders with color and comment specifications made in the webapp and are available within the courier app	<ol style="list-style-type: none"> 1. Launch Urban Scooter mobile app 2. Login with valid credentials 3. Within the All Orders tab click on an order to expand the details 4. Verify that First name, Last name, Phone number, Color, Comment are listed 	Upon expanding the details for an order, the user should see first name, last name, phone number, color and comment listed in that order	only first name, last name, phone number and color is listed, comments are not shown	Failed	https://rj178997.atlassian.net/browse/USWA-32		
25	Verify Orders Listed in My Orders Each Have A 'Completed' Button,	Multiple Accepted Orders are Available Within the My Orders tab of the Courier App	<ol style="list-style-type: none"> 1. Launch Urban Scooter mobile app 2. Login with valid credentials 3. Within the My Orders tab view the list of accepted orders 4. Verify that a 'Completed' button with a white background is existing and clickable 	Each accepted order listed in the "My Orders" tab should have a "Completed" button with a white background, and the button should be clickable.	As expected	Passed			
26	Verify 'Completed' Button Turns Grey and Becomes Inactive After Confirmation ,	Multiple orders have been accepted in the Courier App and are visible in the "My Orders" tab. The 'Completed' button is available and clickable for each accepted order.	<ol style="list-style-type: none"> 1. Launch the Urban Scooter mobile app. 2. Log in with valid credentials. 3. Navigate to the "My Orders" tab. 4. Click the "Completed" button for an accepted order. 5. Confirm completion when prompted (press yes on the confirmation modal). 6. After confirming, verify that the 'Completed' button turns grey and becomes inactive (unclickable). 	Upon confirmation, the 'Completed' button should turn grey and become inactive, indicating that the order has been marked as completed and cannot be interacted with further.	As expected	Passed			
27	Verify Layout of Screen in Portrait Mode	User is logged into the Urban Scooters application	<ol style="list-style-type: none"> 1. Launch the Urban Scooter mobile app. 2. Log in with valid credentials. 	Layout should be correctly aligned with figma requirements. Everything should be in clear, clean readable resolution and aspect ratio	As expected	Passed			
28	Verify Layout of Screen in Landscape Mode	User is logged into the Urban Scooters application	<ol style="list-style-type: none"> 1. Launch the Urban Scooter mobile app. 2. Log in with valid credentials. 3. Turn screen into landscape mode 	Layout should be correctly aligned with figma requirements. Everything should be in clear, clean readable resolution and aspect ratio. Application should smoothly switch from portrait to landscape mode	When rotating the phone to landscape mode, the application triggers a loud alert sound and displays an error screen. While the layout adjusts to landscape mode, the user still encounters the error, along with two CTA buttons. The first button, labeled "Reload," works properly—once clicked, it successfully reloads the orders screen in landscape mode. However, the second button, labeled "Copy Stack," triggers an Android system message in Russian that says "скопируйте", and provides the user with a system log.	Failed	https://rj178997.atlassian.net/browse/USWA-48
